WINTER ROAD MAINTENANCE FOR THE 2019/2020 and 2020/2021 SEASONS

BETWEEN:

THE MUNICIPALITY OF ALLEYN AND CAWOOD, a legally constituted municipality having its head office at Danford Lake represented herein by its Mayor, Carl Mayer and Secretary Treasurer, Isabelle Cardinal, authorized by Resolution # **116-10-19** of its Council dated **October 7th, 2019** a copy of which is annexed hereto;

Herein called the "Municipality"

AND

Herein called the "Contractor"

-
1. The Municipality herein accepts the Tender submitted by the Contractor for the "Winter Maintenance and Snowplowing" of the following roads:

	<u>KMS</u>
Lauzon Road	1.4
Petrin Road	1

TOTAL LENGTH OF ROADS IN KILOMETERS **2.4 Kms**

2. The contractor must snowplow and sand the above-mentioned roads for a period beginning at the first snowfall or freezing rain until the end of the spring thaw period. The maintenance of winter roads will be continuous, that is, the Contractor must snowplow and sand roads when snowy and / or slippery conditions exist;
3. The Contractor must remove the snow from the full width of the roads bed including the bridges and forming part of this contract, and shall be winged back where deemed necessary by either the road foreman or road committee;
4. The Contractor equipment must be in operation at the start of each snowfall and remain in operation without interruption as long as it continues to snow and as often as is necessary for the road to remain passable;
5. The Contractor must begin snowplowing every time there is an accumulation of four (4) inches of snow on the road, and in such a way to prevent the build-up of ice or hard snow;
6. During heavy snowstorms, the Contractor will plow a space wide enough for vehicles to pass;
7. At the end of each snowstorm, the Contractor will continue snow removal on the full length he normally maintains, and on the full width of the road bed. The Contractor will, as much as possible, prevent drifting caused by snow banks. In order to do so, the Contractor will push back, or, if not possible, remove the snow banks;

8. The Contractor must ensure the maintenance of dangerous areas and narrow curves, bridges, intersections in order to prevent accidents. He must equally ensure the cleaning of the road signs in order for them to be visible at all times.
10. Turning allowance at garbage depot **must** be kept clear and also adequate access to garbage bins must be properly sanded and maintained.
11. The machine operators hired to do the snow removal must legally be qualified to operate such vehicles according to all applicable legislation.
13. The stones in the sand and salt mix should **NOT EXCEED MORE THAN 1/2"**. The contractor must have in his possession all the necessary and appropriate equipment needed to execute the work listed in the previous paragraphs, namely, but without limiting the generality of the proceeding- pit run on icy roads is not to exceed one inch.
14. The equipment must be available at all times;
15. During and after a snowstorm, the contractor must spread sand and salt during a period of freezing rain and thawing / freezing period in order to prevent slippery surfaces; sanding the width of the roadway 200 feet below the hill and over crest of the hill.
16. At all times the Municipality will have right to indicate to the Contractor any work deemed unacceptable and the contractor must comply to the directives of the Council of the Municipality of Alleyn and Cawood without reasonable delay;
17. No subcontract will be given by the Contractor without the prior consent of the council of the Municipality;
18. It is understood that the prices agreed upon for the contract includes all work and expenses;
19. The Municipality will not be responsible for damages caused to people, materials and other property, nor for any accidents that may occur during the execution of the contract by the Contractor, resulting from mistakes, negligence, lack of caution or carelessness on the part of his employees, or all other maintenance defaults as the case may be;
20. The Municipality will have the right to make any changes in kilometers made by the Ministry of Transportation. Nevertheless, the Municipality may, after negotiation and acceptance by both parties, add to the maintenance contract, any section of roads which will meet the standards of the Municipality and Ministry of Transportation, and the Contractor will be paid the same contract rate for the added kilometers;
22. For every season covered by this agreement, the Contractor will be paid no later than December 20th
23. The contractor must not leave any snow banks at the end of dead-end roads that would cause undue hardship and extra expense for those who must hire private individuals to snowplow the road beyond what is accepted on the Ministry of Transportation grant;
24. **If the Contractor is in default of any of his obligations, the Municipality will have the right to withhold the sums of money required to have the necessary work executed by some other means;**
25. If the contract must be terminated due to neglect on the part of the Contractor or his employees to fulfill his obligations as agreed upon in the contract signed with the Municipality for the snowplowing and sanding of winter roads, the Municipality will have the right to withhold all sums of money from the date termination of the contract, in remaining months or seasons of the contract;

26. The Contractor is responsible for the drainage of roads during periods of rain or thaw until the snow banks have sufficiently melted to allow normal run-off;
27. Les parties aux presentes ont exigé que le present contrat et tous autres documents ou avis qui y sont afferents, soient redigés en langue anglaise;
